

Clubs members and their wives or partners met at a yearly dinner in past years. It would be great to revive the practice.

The newly elected LIWA officers look forward to your participation. Please share with us your ideas and concerns for our organization.

Show and Tell

Bob Brady—22 pieces including a stave lamp from eight staves made of mahogany and oak, a spalted maple cat figure and a cedar vase

Lenny Mulqueen—Stave bowls from house sheathing and flooring with copper brushed bottom

Wanted

Bob Brady used Nova Chucks—call 631-423-1490

Ken Evans—Demonstrators for the Albany 2005 Totally Turning Symposium October 15-16, 2005 at the NYS Convention Center—call 581-753-7759—(A fee will be paid to demonstrators)

URGENT REMINDERS

December 18, 2005 -LIWA Guest demonstrator **Andi Wolfe's** work appears in many books on turning and in galleries and museums. It is clearly recognizable. She incorporates nature, especially leaves, as she textures, colors and designs her turnings. Joel has tried for two years to get Andi to fit Long Island into her busy schedule and has finally succeeded. The fee is \$25 and will include lunch. The meeting will begin at 8:30AM-2:00PM at Wilson Tech BOCES.

January 4, 2005 -Retirees and members whose schedules permit are invited to attend the first morning meeting of the LIWA, Tuesday, January 4, 2005 at 9:00 AM-Noon at Bob Brady's house. IT will be both a hands on opportunity to turn as well as an organizational meeting to determine the focus of future monthly morning meetings.

- Future location of meetings
- Focus of meetings—project driven, symposium competitions, tool making, open forum etc.

Open Turning

The open turning day was a great success. There were many stations and members got a chance to turn hollows, spindles and bowls. **Joe DeMaio** helped members sharpen their tools. **Alan Russo** manned a station where members hollowed a vase. **Jim Diamond** showed members how to use a skew. **Ken Deaner** showed members how to use a new scraping tool. The members enjoyed talking about turning and asked many questions.
